

ACCELERATED HIRING

Keep your organization in tip top health with a booster shot of qualified staff members. The San Antonio Express-News Job Fair is your prescription for qualified candidates. From RNs, LVNs and Critical Care Specialists to Radiology Techs, Rehab PTAs, Pharmacists and other medical personnel, the Express-News will help you recruit the best health professional in the industry.

Why Participate?

- Our job fair events are heavily promoted across the San Antonio Express-News and mySanAntonio.com/ Yahoo! HotJobs. This effective media mix, along with your organization's print and online advertising that is included in your job fair package, are the keys to the successful 11 years of Express-News Job Fairs.
- Often job candidates will attend job fairs planning to visit with one or two companies. Before these people leave, they will have spoken to several companies because of the convenience and ease-of-access that job fairs create. At our events, you will have access to many individuals that would not normally apply to your organization.
- You are getting the response to your ad, able to interview candidates face-to-face, and hire on the spot all in one day. Plus you will be speaking to a much larger pool of candidates than you could ever schedule to visit your office, under normal circumstances.

When?

March 16th • 9 a.m. - 3 p.m.
